868 524 knife, often the only article worn by the boy; the long hunting and fishing bow is foreshadowed by one a yard long, perhaps made of a simple piece of wild cane; the blow gun, a tube longer than the person, is in constant use; and I have seen some few actual toys such as a top made of a large round seed with a stick through it; and a rattle differing only in the degree of care in the making, from those used by the priests in their incantations.

584 The arrival of puberty is the signal for marriage, at least on the part of the girls. The courtships, if such they can be called, are carried on [836] principally at the chicha drinkings, and I am assured that very few young [595] women retain their virginity until marriage. A plurality of wives is allowed at the option of the husband. Many have two, and some three women. When a young man wishes to marry, having arranged with the girl, he applies to the father. The consent is practically a foregone conclusion; but the details of the bargain must be arranged. In most cases, [591] the groom goes to live at the house of his father-in-law, becomes, at least for a time, a member of the family, and contributes with his labor to the common support. Girls are thus available property to their families. But in case the man already has a wife; is in short, settled in life, and has his own home, he may not want to change his residence. He then compounds with the family; giving a cow, a couple of pigs, or other [585] equivalent for the woman, in place of his services. No form of ceremony is required, and the marriage lasts as long as it suits the convenience of the parties. In case of infidelity on the part of the woman, or 586 undue cruelty on the man's part, they may separate. Sometimes, if the woman is unfaithful, the man whips her severely, and perhaps returns her to her family, or she, in a fit of resentment, leaves him. This may be for a year or so, or may be final; but during such separation either party is at liberty to make new connections, thereby remaining permanently apart.

832 Probably there is no better place to mention kissing than in connection with courtships and marriages. This agreeable custom seems to be entirely unknown. I have never seen one person among them kiss another, not even a mother her child.

582 614 There are certain limits within which parties may not marry. The tribes are divided into families, or something analogous to clans. Two persons of the same clan cannot marry. This is now a source of difficulty among the Tiribis. The tribe is so reduced that a number of marriageable persons of both sexes are unable to find eligible mates. I could not ascertain exactly how the question is settled as to which clan a person belongs, whether he inherits from father or mother, but so far as I could gather, I think from the father. Cousins, even to a remote degree, are 582 called brother and sister, and are most strictly prohibited from intermar- 584 riage. The law, or custom, is not an introduced one, but one handed [601] down from remote times. The penalty for its violation was originally very severe; nothing less than the burial alive of both parties. This

penalty was not only enforced against improper marriage, but even against illicit intercourse on the part of persons within the forbidden limits. Mr. Lyon related to me a case that occurred since he has been living in the country, where the power of the Chief Chirimo was insufficient to protect a man who married his second or third cousin. Fortunately for the delinquents, they succeeded in making their escape, though with difficulty, being followed two or three days' journey by the avengers. 582 684

Infidelity is not rare, and the husband has the redress of whipping the woman and dismissing her if he desires, and of whipping her paramour if he is able. But so cautious are the people about the blood limit of intermarriage, that a woman on giving birth to an illegitimate child, for fear that it will not know the family to which it belongs, will usually brave the punishment, and at once confess its paternity. 837 684 [848]

As cousins are called brother and sister, so are not only the brothers and sisters, but even the cousins of a wife or husband all called indiscriminately brother and sister-in-law; so that a person may on a single marriage find that he has annexed fifty or a hundred of these interesting relations. 601

On the death of the head of the family, the next oldest brother, or in default of a brother, a cousin or uncle assumes his place, and is then called father by the children. This does not involve any especial material duties, such as the support of the family; but is rather a sort of honorary title; giving him, however, the ruling voice in any family council or discussion. 593 768

On the death of an individual; if a young person, a woman, or a person of but little consequence, the body is prepared as soon as possible in the manner described below, and carried to the forest; but if a person of more consideration, there are some preliminary ceremonies. These I had the opportunity of witnessing in the case of an old man who died on the Uren when I was present. He belonged to one of the distinguished families, an ancestor, perhaps his father, having been one of the leaders in the war with Tiribi, and he the heir to, and possessor of, one of the few gold "eagles," or insignia of rank. He died in the night, and next morning, the body being in his hammock, covered with a piece of bark cloth; all of the chicha, chocolate, and food that the poor people of the house could get together on short notice were prepared. A fire was lighted, amidst singing, by twirling a pointed stick in a socket on the face of another. This was the sacred fire, which was communicated to a small heap of wood placed on one side in the house. This could be used for no common purpose whatever. No ordinary fire could be lighted from it; not even could one use a stick of it to light his pipe. It must burn continuously for nine days. In case of its accidentally going out before that time, it must be relighted in the same manner as at first; and at the end of that time, only a priest could extinguish it, and he only with a calabash of chocolate, and during, or at the end rather, of the suitable incantation. 764 766 [372] [784]
